

## Attachment #5

### Penalties issued to LEAs in Colorado

Englewood School District - A penalty was assessed after the district failed to respond to a CDPHE issued Notice of Non-Compliance (NON). CDPHE staff made numerous attempts to contact the LEA before the Compliance Determination Letter was sent out. The LEA brought their program back into compliance and the penalty was dismissed.

Mancos School District - Mancos School District removed an asbestos-containing material that was listed in their management plan without following the requirements of regulation. The District completed the appropriate response action to abate a major fiber release episode and a reduced penalty was paid.

Del Norte School District - Del Norte School District demolished a building without first removing asbestos-containing materials. After the site was abated, a reduced penalty was paid.

Woodrow Wilson Charter Academy - A penalty was assessed after the district failed to respond to a CDPHE issued Notice of Non-Compliance (NON). CDPHE staff made numerous attempts to contact the LEA before the Compliance Determination Letter was sent out. The LEA brought their program back into compliance and the penalty was dismissed.

Hope On-Line Charter Learning Co-op - A penalty was assessed after the district failed to respond to a CDPHE issued Notice of Non-Compliance (NON). CDPHE staff made numerous attempts to contact the LEA before the Compliance Determination Letter was sent out. The LEA brought their program back into compliance and the penalty was dismissed.

Pueblo West Charter Academy - A penalty was assessed after the district failed to respond to a CDPHE issued Notice of Non-Compliance (NON). CDPHE staff made numerous attempts to contact the LEA before the Compliance Determination Letter was sent out. At this time, the LEA has not responded.
